Leisure Arts, Oxmoor House : The Ultimate Book of Memory Albums (Leisure Arts #15829) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Ultimate Book of Memory Albums (Leisure Arts #15829):

(The newest edition of this book has a different cover than the one pictured on 's page, but it is the exact same book.) Great for beginners-the first section explains which supplies you need and how to crop photos, set up layouts, etc. Each chapter is devoted to a different scrapbooking tool and has colorful layouts showing the use of that tool (such as stickers, printed paper, heritage pages, stamped pages, etc.) The layouts are ALL for the 8 1/2 x 11" size scrapbooks and many of the layouts emphasize patterned papers from "Hot of the Press." There are LOTS of layouts in this book. 4 of 4 people found the following review helpful. A Fantastic Addition to anyone's scrapbooking Library By A Customer I enjoyed this book so much. The layout pages were fantastic. The patterns

provided throughout the book were also very nice. It really got me to thinking about all the great pages I could make with a little inspiration from this wonderful book. The price is not more than what it would cost for a couple of scrapbooking magazines.

Turn those boxes of family photos into memory albums to treasure and share. With the information in this book, you'll learn how easy it is to protect your precious photos and create wonderful picture albums to be cherished for generations to come.
