RogersI did not fully read the description I guess so I was disappointed that these are all just black and white drawings. It's almost like a coloring book only the designs are not configured in any special way. I already took it to Half Price Books.0 of 0 people found the following review helpful. Wonderful book at great priceBy Liza ScalesPerfect for inspiration or copying if you don't have the creative streak. Lots and lots of choices in lots and lots of genres.0 of 0 people found the following review helpful. Five StarsBy Janice HennesseeGreat.

A fantastic collection of beautiful illustrations including flowers, trees, birds, animals, figures and other classic,

traditional and stylised images. These motifs, designs, patterns and borders will inspire craftspeople, artists, needleworkers and all those interested in creating their own original ideas and projects.

June 2007 The Design Source is a lovely collection of illustrations for personal use. Some of the designs used are from a number of the Design Source Book series - but this book is much more comprehensive. The designs, motifs, classic and traditional patterns etc. provide a wealth of inspiration and the book is well worth buying. GUILD OF SILK PAINTERS
