**Ellen Spector Platt : The Ultimate Wreath Book: Hundreds of Beautiful Wreaths to Make from Natural Materials** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Ultimate Wreath Book: Hundreds of Beautiful Wreaths to Make from Natural Materials:

0 of 0 people found the following review helpful. Five StarsBy Robert J. SullivanSome great ideas. I've already cut some branches to make wreaths this winter.1 of 1 people found the following review helpful. THE ULTIMATE WREATH BOOKBy Debbye Z.I PURCHASED THIS BOOK TO MAKE SURE IT WOULD COVER EVERY POINT I NEED TO KNOW ABOUT MAKING WREATHS. I WANT TO MAKE THEM FOR INDOORS FOR EVERY SEASON ...I COULD NOT BE MORE EXCITED FOR THE PROJECTS OR THE GREAT BOOK. SHIPPING WAS IMMEDIATE!! I COULD NOT BE MORE PLEASED WITH MY PURCHASE!!1 of 1 people

found the following review helpful. Nice BookBy Kathy3555It is a nice book with a few good ideas, but not exactly what I was looking for. Some of the wreaths were not my style.However the book is a great source more for someone who likes the country look and style.

Featuring flowers and herbs both fresh and dried, this book shows readers how to make beautiful hanging arrangements for every season. Includes step-by-step methods on making wreaths on different types of bases, stimulating ideas for choosing materials and making variations, and "ready to hang" images in full-color photos for all 150 wreaths.

From Publishers WeeklyAlthough indelibly associated with Christmastime, decorative wreaths aren't limited to any particular season or holiday. Platt, the author of *Flower Crafts* and owner of a flower and herb farm, devises a collection of elegant arrangements here, nearly any one of which would bring an air of festivity to any locale in any season. Her constructions range from the simple impact of a Della Robbia Wreath made with whole dried citrus fruits, artichokes and sala leaves, to wedding wreaths for a bride and her party, using dried flowers and herbs. There are also other theme wreaths for special occasions and such holidays as Valentine's Day and Halloween. The collection of Christmas-related arrangements includes one made with fresh greens, dried berries and flower heads that doubles as a bird buffet; another, named Ice and Snow, uses preserved juniper, pine cones, clusters of bleached baby's breath, white ribbons and plastic icicles; a traditional fresh wreath is composed of holly and ivy. Platt offers tips throughout (e.g., cheap ribbon will cheapen the entire effort) and gives precise, easy to follow instructions that make her book a boon for any season.
