Nicolette Roux, Danielle Buckley, Dayna Abraham, Laura Marschel, Samantha Soper-Caetano, Sarah McClelland : The Unofficial Guide to Learning with Lego: 100+ Inspiring Ideas (Lego Ideas) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Unofficial Guide to Learning with Lego: 100+ Inspiring Ideas (Lego Ideas):

0 of 0 people found the following review helpful. Great ideas! By Corey Bearden Lots of cute ideas that we actually used! The balancing scale was our favorite! I guess now that we have Pinterest, a book like this is a moot point, but I liked having it all in one place! 0 of 0 people found the following review helpful. it's a good product. By Brandon Really, it's a good product. 0 of 0 people found the following review helpful. Such a fantastic book with easy By Customer Such a fantastic book with easy, creative and very fun ideas. My son is a lego maniac and he LOVES this book already!!

Is there a LEGO lover in your house? Then let's get learning! Harness your child's passion for LEGO to get them learning in ways they never imagined. The Unofficial Guide to Learning with LEGO brings you tons of awesome, LEGO-based ideas to work on every aspect of education and development. Starting with the basics like learning colors and counting, all the way up to engineering and other STEM topics - we cover it all.
