Donna Downey : The Very Best of Yes, It's a Scrapbook!: Creative Albums, Photo Decor and Decorative Journals before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Very Best of Yes, It's a Scrapbook!: Creative Albums, Photo Decor and Decorative Journals:

HOWEVER, I made the mistake of buying this book, 2 others in the YES, IT'S A SCRAPBOOK series (Creative Albums Decorative Journals). Don't waste your \$\$\$. You could buy The Very Best of Yes, It's a Scrapbook have all 3 books in 1... There might be a couple of ideas you'd miss out on, but definitely not enough to justify buying all 3. Creative Albums Decorative Journals are almost identical books, w/ the

pages in different order. I really can't believe they call this a series when they're pretty much all the same! 0 of 0 people found the following review helpful. Interesting Ideas By cabass There are several great ideas for fun and cute scrapbooks included in this book. It helps you think outside the "book" and use several unique items to display your photos. Many would make wonderful gifts. While, there are instructions for each project, some beginning crafters might want more information. Also, several of the projects are included in other of this author's books. 1 of 1 people found the following review helpful. worth it! As a contributing editor to [i]Simple Scrapbooks[/i] magazine, Donna Downey redefines traditional scrapbooking and inspires others to open their eyes to dozens of unique possibilities for celebrating life with pictures and written words. She urges people to remember that scrapbooking is less about committing to a hobby and more about sharing the stories of everyday life in any creative medium. Presenting the best of the "off the page" albums, journals and photo displays, this step-by-step guide has more than 65 ways to capture meaningful memories. Donna shares one-of-a-kind ways to use ordinary items, such as using a coin folder screen to display mini photos from a family trip and a muffin tin to show photos of her daughter baking cookies. Most projects can be finished in an afternoon or so, and they invite frequent browsing. They can be displayed in the home or given to family and friends. Either way, people are sure to say, "Wow! Is this a scrapbook?"

About the Author A self-proclaimed "paper product junkie," Donna Downey notes that scrapbooking was the ideal extension of her paper and photography addictions. As a contributing editor to [i]Simple Scrapbooks[/i] magazine, she plays with the latest and greatest products, yet manages to keep the projects - and the process - simple and do-able.
