Veronika Gunter : The Weekend Crafter: Making Gingerbread Houses: Dozens of Delectable Designs Ideas before purchasing it in order to gage whether or not it would be worth my time, and all praised The Weekend Crafter: Making Gingerbread Houses: Dozens of Delectable Designs Ideas:

0 of 0 people found the following review helpful. Great ideas I haven't seen anywhere elseBy Fabric CrazyGreat ideas I haven't seen anywhere else. Checked this book out at my local library. Liked it so much I decided to order one from for myself.7 of 7 people found the following review helpful. Save your money!By RileyThis is the worst book on gingerbread houses that exists on the market today. Not only that, but the introduction and basic get-you-going text along with the corresponding photos are lifted directly from "Making Great Gingerbread Houses", also by Lark Books. Personally, I was as disappointed in Lark Books as I was in "Making Gingerbread Houses". Not only that, but the examples are hideous, and since they weren't done by the author either, the only thing she seems to have contributed is

a condescending introduction. A much better option is *Gingerbread Houses* by Christa Currie. I make gingerbread houses professionally, and that is the book that got me going. I collect books on gingerbread houses for inspiration and fun, but I sent this book back out of disappointment in both the author and the publisher. 2 of 2 people found the following review helpful. Fun resource for creative gingerbread houses. By Buttercup's Mommy This book on gingerbread houses has beautiful photographs of creative gingerbread homes. I also think that cake decorators would enjoy it!

These delectable and delightful gingerbread houses look elaborate, but thanks to a team of talented chefs and designers, every one is simple enough for a beginner to make. Develop the skills on a standard house; the instructions explain all the basics: recipes, creating patterns, assembling the pieces, and decorating it beautifully. Then get creative with 17 exceptional designs, including traditional Christmas fare to fulfill every crafter's dream of making a holiday-themed gingerbread house, plus other surprises. Among the most unique: Dorothy's House Lands in Oz, complete with a yellow brick road. A Selection of the Homestyle Book Club.
