Moira Neal, Lynda Howarth : The Weekend Crafter: Painting Glass: Stylish Designs and Practical Projects to Paint in a Weekend before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Weekend Crafter: Painting Glass: Stylish Designs and Practical Projects to Paint in a Weekend:

5 of 5 people found the following review helpful. A GREAT ResourceBy BeachReaderI have read many books about glass painting but none as helpful as this one. The directions are simple and well-illustrated and the lists of materials are very complete. I am one of those artistically challenged people....this book gave me ideas to use that do not require the ability to draw. I was so motivated when I got it and have tried many of the techniques....incredible. Thanks, Moira and Lynda...your book is JUST what I needed to release my creativity! 0 of 0 people found the following review helpful. Why I owned two copies of this bookBy drc536Really cool book. I had to order this copy because my sister

liked my book, so I gave it to her. Of course, I needed my own copy for reference. 17 of 17 people found the following review helpful. Beautiful, easy projects a beginner can handle. By A Customer I bought several books on painting glass and this is the best. Not just your typical flowers and leaves, this book contains elegant unique patterns with easy to follow directions. Simple techniques to help the artistically challenged. Wonderful ideas for great projects!
