Mitsuko Muto, Tomoko Ishizaka : The World of Beads before purchasing it in order to gauge whether or not it would be worth my time, and all praised The World of Beads:

0 of 0 people found the following review helpful. Fun Fabulous Whimsical Bead Creations! By D. Crim As a bead-a-holic and jewelry maker for many years (30+) I am always impressed when a new book comes out that inspires me to get my beads out and "play". This book has whimsical projects that are inspiring and fun and make great gifts that come from the heart. I find the instructions to be concise and easy to follow, however I have a lot of beading experience, so I am hoping that it is as understandable for the beginner as well. It has great ideas for gifts that kids would love, and anyone who is a child at heart! No matter what, it is a MUST HAVE in any whimsical minded beadcrafter's library. 0 of 0 people found the following review helpful. Five Stars By Customer AWESOME AWESOME BOOK... :) 2 of 2 people found the following review helpful. The World of Beads By Katrina I read the reviews on this book and thought it would be great- but I don't like the way it is set up, pictures first and then directions in the second half of the book. I also think the directions could be written better- they can be a little bit confusing. I am going to get another book on this subject because this one isn't very good.

This book offers easy and entertaining projects to create holiday gifts, children's jewelry, and playful household trinkets.
