Plus, I paid more for the other books! Nancy's book gives you so much detail, along with steps and excellent pictures. I intend to keep this book out for not only practice purposes but as a reference book. She gives you several projects to work on - helping you with pictures and information on each one.I love that she names the different brands and company products she uses and why she uses this brand/type as so many of my other books don't. They keep things generic which can be frustrating when you are trying to learn. It doesn't mean I have to use those brands but it does give me the information in case I want to.Truly love this book. I bought my quilt buddy a copy also as this is a "must" for anyone wanting to learn thread painting.5 of 5 people found the following review helpful. Great intro to topicBy green guyThis is an excellent book on thread

painting because for a novice it provides comprehensive coverage of the topic and guides you step by step, but it also gives suggestions for those with intermediate experience and abilities. It is well written and illustrated. This is the best intro and intermediate book that I have read on this topic. 0 of 0 people found the following review helpful. Very good book
By Customer I am a quilter wanting to embellish the quilting panels I can get on the market today. This book helped me decide on thread and preparing my panel for the decorative stitches I have in mind.

In this comprehensive reference guide, award-winning quilter Nancy Prince shows you how to thread paint with style. This highly detailed instructional book walks you through thread, supplies, stitches, methods, shading, sketching, distortion, and a very useful troubleshooting chapter. This ultimate technique book concludes with six projects so you can practice everything you need to know about thread painting.

About the Author Nancy Prince is a longtime seamstress, as well as an award-winning quilter. Nancy grew up in the mountains of North Carolina, and now resides in Orlando, Florida, with her husband. Nearby are three sons and seven adorable grandchildren, who brighten her life immensely. When she is not thread painting, she loves teaching her passion to others. Teaching gives Nancy the opportunity to share ideas, techniques, and most importantly, laughter and fun with her students.
