I have many of her books.I was waiting for this one for a long time as I pre-ordered it earlier. I am just a "little" bit frustrated as the content starts to look a lot like her other wonderful books.But still it gives you a lot of ideas to come up with. Her love for coordinate colors and patterns is

always a delight and very helpful for your future creations. If you don't know Tilda, I would definitely recommend it. If like me you already have almost all her books, maybe only add this one if you are a collector ;-)
