Leisure Arts : Timeless Ornaments (Christmas Remembered) before purchasing it in order to gage whether or not it would be worth my time, and all praised Timeless Ornaments (Christmas Remembered):

4 of 4 people found the following review helpful. Better Than I ExpectedBy PattyI actually purchased 2 different cross-stitch books at the same time for \$.01 each. I knew that they were "used copies" but didn't read the descriptions and expected leaflets or paperback books. I was pleasantly surprised when I received 2 hardcover books! They have a lot of great patterns, all printed in color. I'm looking forward to stitching many of them in the coming years--in fact I've stitched 4 orngaments already this year! The seller described them accurately (in very good or excellent condition) and shipped them to me very quickly. I was very pleased with my \$.02 purchase!!!!0 of 0 people found the following review helpful. Lovely, classic, holiday ornament cross-stitch collection!By ElizabethThis collection has an interesting collection of images to be used as Christmas tree ornaments. It is called a nostalgic collection and has images "from Victorian postcards, lithographs and ornamental scraps" to create timeless ornaments. The cover image gives a good

idea of the style of cross stitch included. There are so many possibilities for using these classic holiday images! The book was in excellent condition and shipping was timely. I am delighted with this purchase! 1 of 1 people found the following review helpful. My SnowBabies At Last! By SashaFierce I purchased this book, [Book Ten/Christmas Remembered Series] months ago during the busy holiday season and never got around to writing a review. I lost this book in a house fire many years ago, and ever since I've been on a mission to replace my Leisure Arts cross stitch books. I can't praise the clarity of the Leisure Arts charts enough! All of the charts are in color, the photographs are beautiful and the books are well bound. Glad I finally found this book.
