Ebony Rainn : Tir na Nollag: a beautiful christmas coloring book before purchasing it in order to gauge whether or not it would be worth my time, and all praised Tir na Nollag: a beautiful christmas coloring book:

12 of 12 people found the following review helpful. Wonderful Christmas Book. By Me This is a wonderful Christmas book. Love the original illustrations - I want to color each and every one. The pages can be colored by all levels as some are very simple and others more complicated. Half the pages have a white background and the other half are the same images with a black background which makes the same image appear differently. Quality of the paper is good. This will be a pleasure to work on. 10 of 10 people found the following review helpful. Adorable Christmas coloring pages...2 copies, white and black paper!! By julia carter I absolutely love the fact that you not only get 2 copies of each picture (which is something that I think more authors need to do), but one is printed on white paper and the other is printed on black paper. Ebony's first book had the option to buy either the black or the white paper copies, combining them into one book and leaving the price the same was brilliant!! The content is a nice mix of Christmas images, it has

traditional trees and fireplaces stockings and gingerbread houses. It also has cuckoo clocks, polar bears and her signature (imo) owls. The pictures are really really cute and I didn't see anything that I didn't like. All in all I would highly recommend this coloring book to add to your collection! 1 of 1 people found the following review helpful. this is a great book the only thing i dont like about is ...By Customerthis is a great book the only thing i dont like about is that it doesnt tell me anything about the authorer like my other books

This book has 40 beautiful Christmas designs each one is printed on both white and black paper. What better way to spend those cold winter days snuggled by the fire coloring your favourite Christmas and winter scenes.
