**The Editors Of Memory Makers Books : Toddlerhood: Scrapbooking Your Child's Early Years** before purchasing it in order to gage whether or not it would be worth my time, and all praised Toddlerhood: Scrapbooking Your Child's Early Years:

12 of 14 people found the following review helpful. Not Much InspirationBy UrusaikoI was hoping the book would be filled with interesting layouts and ideas for particular moments that every parent wants to scrapbook. I found this book unhelpful and uninspiring. I find more inspiration from scrapbooking magazines than this book. It was not worth the money.0 of 0 people found the following review helpful. great ideasBy B. BaysThis is a really neat book full of lots of ideas for scrapbooking your toddlers years. You can tell that these people actually have had toddlers.

Scrapbook the non-stop energy of the toddler years!How quickly newborns turn into toddlers. And when they do, watch out world! The sweet and silly moments, the mischief and mayhem all need to be preserved so that they can

become tomorrow's funny stories and happy memories. In Toddlerhood, over 150 amazing scrapbook pages and projects will inspire you to create great scrapbook pages about your little one that document this amazing time of growing and learning. Look inside to find: Captivating scrapbook pages and projects covering all aspects of toddler life - growing and learning, favorite things, family and friends, daily life and adventures in the world. Exciting crafting projects including growth chart, lunch box album, tooth fairy tin, routine chart, and mini albums. Tons of techniques and fun ideas to spark the imagination of every scrapbooker. Let Toddlerhood inspire you to seize the moment (and your photos and scrapbook supplies) to create your own pages and projects before your toddler zooms on to the next fun and exciting stage!
