I have a few items which have these characters and was really happy to find a coloring book with many of them in it. There are 32 designs in this book. The designs range from easy to more detailed but are all fun and easy to color. The antics of the characters puts a big smile on my face as I am coloring. The book is in a smaller format and works well for a travel size coloring book. The pages are perforated, so I will plan on keeping the book intact. This is what I found while coloring in the book and testing the paper with my coloring medium: 32 Tokidoki designs in a 7 x 9 inch format coloring book Designs are printed on one side of the page Paper is medium weight, white, slightly rough and non-perforated Glue Binding Designs merge into the

binding area
Alcohol-based markers bleed through the paper
Water-based markers leave colorful shadows and can spot through the paper if applied heavily
India ink and gel pens do not bleed through. Some gel pens require additional drying time.
Colored pencils work well with this paper. I used both oil and wax based pencils and got good pigment, layered different colors and blending easily using a blending stick.

Great doodler coloring book
By T.J.
One of my favorite coloring books. I love the cute little designs and it's easy to leave a drawing in this book and pick it up later. I like coloring something that has no expectations of what color an item should be. :)
