BainI was extremely hesitant to spend nearly \$32 on this book, even with all the perfect reviews. It stayed saved in my cart for a long time before I decided to go ahead and order it. This "Little pink book" is nearly 600 pages and has a topic for everything under the sun!!! I absolutely LOVE it! I will definitely never be at a loss when it comes to needing a phrase, poem, or title for a page, from now on. I just wish I had ordered it long before I did, so if you are unsure if this book is worth it's price, don't be! It is worth every single penny of it!2 of 2 people found the following review helpful.
