**Priscella Morrow : Totally Tubeys!** before purchasing it in order to gage whether or not it would be worth my time, and all praised Totally Tubeys!:

The Tubey crafts in *Totally Tubeys!* are a fun way to enhance your storytime and craft programs with creative ideas for each month of the year. Each storytime includes an annotated bibliography, activity ideas, and a Tubey pattern with instructions. The Tubeys are made from readily available and inexpensive materials: bathroom tissue tubes or tubes from other paper rolls. *Totally Tubeys!* is recommended for anyone working with children in preschool to grade three, but the Tubey crafts can be enjoyed by children of all ages!
