The templates are thin, not to be used with today's modern rotary cutters. I am having my husband attach the templates to wood to make them thicker.1 of 1 people found

the following review helpful. I think a great buy. The Price is rightBy mary e. alinaBBook arrived today brand new and. attached packet of plastic templates in back of book. Book covers directions for making Star of LE MOYNE,,Pierced Star, Ohio Star, Martha Washington Star and Evening Star Blocks as well as other familiar designs. Hoping to trying especially one of the star blocks.. I think a great buy. The Price is right! Sue in Baltimore0 of 0 people found the following review helpful. Nice book professionally createdBy Maximum VerbosityI am going to have some major surgeries coming up soon and wanted a project to work on while recovering and decided on making a beautiful handmade quilt for our bed. This book has all of the most popular and well-known designs with sturdy plastic stencils to use when cutting the pieces, plus tips on quilting.

No more scaling up of blocks. No more tracing patterns. No more gluing designs onto sandpaper or cardboard. Patchwork quilting has never been easier, thanks to the special feature of this volume permanent plastic templates.From the four easy-to-use templates provided, needleworkers can create 27 of the most popular patchwork patterns, using traditional handsewing techniques or the sewing machine. Choose from such authentic favorites as Windmill, Susannah, Road to Oklahoma, Stars and Stripes, Puss-in-the-Corner, Ohio Star, Dutchman's Puzzle, Martha Washington's Star, and others. Selected for their relative simplicity, the motifs are still intriguing enough to provide challenges for both beginners and experts.Use the blocks together to create stunning sample quilts, or repeat a single block over and over again for a striking one-design quilt. Many of these blocks produce wonderful optical illusions when an entire quilt is made of the same block. For equally eye-catching results, try repeating two or three different blocks in one quilt. The number of quilts you can make with this volume is virtually limitless!Colors have not been specified for the quilt blocks, but noted needlecraft designer Rita Weiss has indicated light, bright, medium, and dark fabrics as guideposts. Let your imagination dictate your own color scheme and achieve beautiful one-of-a-kind quilts that reflect your unique personality and creativity. You'll find 59 helpful illustrations, plus complete instructions for using the templates, material selection, cutting, sewing everything needed for successful quilt-making.Traditional Patchwork Quilt Patterns with Plastic Templates will inspire needleworkers at all levels of expertise. Now you can produce inexpensive, toasty warm, colorful bed coverings that will add distinctive period charm to every bedroom in the house.
