From Oxmoor House : Trash to Treasure: The Year's Best Crative Crafts (Trash to Treasure Volume 6) before purchasing it in order to gage whether or not it would be worth my time, and all praised Trash to Treasure: The Year's Best Crative Crafts (Trash to Treasure Volume 6):

Rack up another winner. The ninth edition of Trash to Treasure provides all-new inspiration and know-how to transform what would otherwise get tossed out. Page after page shows how seemingly unredeemable discards can be born-again as charming decor, eclectic accent pieces, and boutique-worthy gifts. Eighty innovative projects include a stacked-book end table, puzzle piece jewelry, and a cigar box purse. This new edition has been thoroughly updated with stylish concepts, trendier layouts, and friendly instructions. Over 100 photos astonish with their ingenuity. All from the experts whose motto is, `Don`t trash it.... craft it!`
