Card stock wasn't as heavy as my other artist editions from other artists - and you only get 18 and not 20 because 2 are already filled in. Most beautiful book and a joy to hold, look at and use your favorite pencils in. The art work is absolutely gorgeous and when colored in are quite stunning. The paper quality is top notch and I really like the hard cover of the book as it protects it so beautifully. I already have her next book on order as I know it will be as spectacular as this one is.
