Maria Trolle : Twilight Garden Coloring Book: Published in Sweden as "Blomstermandala" (Gsp- Trade)

before purchasing it in order to gauge whether or not it would be worth my time, and all praised Twilight Garden Coloring Book: Published in Sweden as "Blomstermandala" (Gsp- Trade):

44 of 46 people found the following review helpful. Beautiful Garden Designs by Maria Trolle printed on both sides of the page By iiiireader[[VIDEOID:f9b031ca694e222c91bcf9cd96ca1664]] This is my first coloring book by Maria Trolle. It is by the same publishers who publish Hanna Karlzon's books. It is the same beautiful quality publishing with a hardcover and thick cream pages. Ms. Trolle's designs focus on the garden with lots of flowers and animals. While most of the designs are done with black lines on cream background, there are a few designs which are cream elements on a black background. It makes for a lovely change of pace right in the same coloring book. While the designs in the book are detailed, I would not categorize them as intricate or having areas with extremely small

spots to color. Because the book is printed two-sided, I'm being very careful with what I use to color in it. I am avoiding using my alcohol-based markers as those bleed through the page (you can see what my test results were with various medium below.) I've also found that it is a tad difficult to color into the binding area on designs which either cross over (two-page designs) or have elements that merge into the binding. Eighteen of the designs spread across two pages and a couple of the single page designs merge into the border so I don't have issues with the majority of the designs in the book. This is what I found while coloring in this book and testing it with my coloring medium. 90+ pages of lovely garden designs by Maria Trolle. Printed on both sides of the page. Paper is heavyweight, cream color, somewhat smooth, and non-perforated. A few of the designs have black backgrounds printed on cream paper. Sewn binding which can easily be snipped to remove a number of pages at a time. The binding is the stay-flat style which allows you to open the book somewhat flat without breaking the outer spine. It is still rather difficult to get the book to open flat and takes some effort. Some designs merge into the binding area, especially those which spread across two pages. Alcohol-based markers bleed through the page. If you use these, you will have ink seep through and mar the design on the back of the page. Water-based markers, gel pens and India ink pens do not bleed through the page. Colored pencils work well with the paper. I was able to blend, layer the same and multiple colors using both oil and wax-based pencils with ease. 0 of 0 people found the following review helpful. I highly recommend this hardcover, beautiful, coloring book. By dallasndillonsmom This book is darling. The pages are a heavier weight of paper and have some tooth so you can build up layers of color easily. If you choose to use just one color, the tooth won't distract from it however. I highly recommend this hardcover, beautiful, coloring book. 0 of 0 people found the following review helpful. in love with this book. By S Siler This is my second copy of this book. I love of that much! Everything is perfect about this book!

Maria Trolle's Twilight Garden coloring book collection sets itself apart from the competition with its romantic sophistication. Striking black endpapers and white-on-black printed imagery dispersed throughout lend this hardbound edition a luxurious feel. Artists will fall head over heels for Twilight Garden Coloring Book's 96 pages brimming with lush gardens, flowers, and fantastic creatures common to a Scandinavian landscape. Complete your collection with the Twilight Garden Artists Edition, featuring twenty oversized art card drawings to hang on ones wall or share with friends. Twilight Garden 20 Postcards are ideally priced and perfectly sized. Maria Trolle is a graphic designer and illustrator living in Tyres, outside Stockholm. Her passion for gardening acts as a thread to her art, with plants, vegetables and flowers offering daily inspiration preferably from her own garden.
