This charming volume contains all you'll need to know about the ancient art of twining, from the usual rugs to smaller projects like a keepsake box. The instructions are clear, the pictures provide excellent back up for those who are a little unsure of themselves. In fact, there isn't a bad project in the book! And there is also an explicit problem solving section that I suspect will be well thumbed in my copy! Seriously though, twining has to be one of the easiest crafts I've done, and Ms Irwin makes it enjoyable. My favourites projects are the pendleton rug and the keepsake box, but I have a feeling I will be undertaking them all sooner or later - now all I need is the time! Well done Ms Irwin, this book is one any serious rag rug fiend should have on their bookshelves! Recommended!3 of 3 people

Traditional crafting and green crafting come together with impressive results in *Twist Twine*. Author Bobbie Irwin guides you through the age-old art of rug twining to create beautiful, durable objects for your home, all with strips of new or recycled fabric. You'll begin with a twining sampler to learn the basic methods you'll need to make rugs, baskets, placemats, even a photo album. Clearly presented techniques and project instructions include color diagrams and photos. Learn to make your own twining frames, and discover nonframe projects that use boxes, cardboard tubes and bowls as forms for twining.

About the AuthorBobbie Irwin has been enjoying a 30-year career in fiber arts. She began weaving in 1973, spinning since 1982, and teaching fiber and textile topics since 1976. She has taught internationally since 1985, and she has exhibited her twined fabric art in national shows.
