R. Dumbrell : Understanding Antique Wine Bottles before purchasing it in order to gauge whether or not it would be worth my time, and all praised Understanding Antique Wine Bottles:

0 of 0 people found the following review helpful. Five Stars By Customer Great Book, prompt delivery 3 of 4 people found the following review helpful. The Bible for Collectors of 18th Century English Bottles! By Yancey C. von

Yeast This book foccuses mainly on 17th and 18th century English bottles. It contains information that is invaluble to anyone who collects or deals in 18th century bottles. There are also small sections dealing with European bottles. The back contains a large section dealing with sealed bottles as well. This book is well worth whatever price one has to pay for it. I own two copies and would like to have three!

The standard work on the subject illustrated with 202 black and white photographs and 577 line drawings.
