It also gives a description of the goings on throughout the day in a Victorian household. I recommend this book highly.0 of 0 people found the following review helpful. Enjoy looking from room to roomBy buster1105I enjoyed looking at this book for inspiration for period decorations room dimentions and overall ideas for Victorian homes. I build and sell dollhouses and look for information as to improve my realism in details. This book serves it's purpose for me.

Take a tour through the miniature Victorian house from the hustle and bustle of the basement kitchen, the impressive hallway, to the grand dining room and comfortable parlor and make projects for every room. Using basic tools and materials, beginners will enjoy crafting the waxed sugar dome and dressing table set, while for the more experienced miniaturist there is the challenge of a traveling trunk or four-poster bed. Each project is accompanied by historical information, providing a real insight into the lives of the Victorians to help bring your dolls house to life.

About the Author Christiane Berridge is the editor of GMC's The Dolls House Magazine. Making miniatures is now a way of life for her and dolls houses remain an absolute passion. This is her second book for GMC Publications. Her first, *Making Miniatures: Projects for the 1:12 Scale Dolls House* (ISBN: 1 86108 381 5), was published in 2003.
