**Ruth Webb Lee : Victorian Glass Handbook** before purchasing it in order to gage whether or not it would be worth my time, and all praised Victorian Glass Handbook:

0 of 0 people found the following review helpful. Five StarsBy Kathryn L. WykoffGood reference for collectors!

This book is a classic reference for those interested in Early American Pattern Glass (EAPG) and specialties of the nineteenth century (1830's -1880's) .The book is paperback with stiff green cover, in very good condition, although the cover is faded. It contains a comprehensive check list and guide for collectors. with numerous illustrations and black and white photos.
