Ladner I purchased this book in hopes of helping me learn about my new obsession.....orange green viking glass vases!! This book has fantastic pictures and descriptions of the many different vases, fakes and closely related brand vases. It is even much better than a website found on the internet and I can drool over the gorgeous vases whenever I want to! It's been a huge help! And it was swiftly delivered!! :) 2 of 2 people found the following review helpful. EXCELLENT FOR THE BEGINNING VIKING COLLECTOR By Donald Carroll Love this reference book...I find myself going back to it again and again, not just for the research but for the outstanding photos as well. Great background information on the company itself and easy to understand! LOVE IT! 0 of 0 people found the following review helpful. I love this book By L. Lefko I love this book. I collect, buy and sell vintage glass ware and this book has been super helpful in identifying and dating my

Viking pieces.

Over 520 beautiful color photographs display the fine quality, distinctive, handmade, modern glassware produced by the Viking Glass Company of New Martinsville, West Virginia, from 1944 to 1970. Viking animals, baskets, candelabras, novelties, smoking items, tablewares, and vases are shown in various patterns, cuttings, etchings, and other decorations, including Banford, Burlap, Crackle, Encore, Meadow Wreath, Three Foils, and Viking Star. Thorough listings of the Viking product lines, from Ancestral to Tundra, are accompanied by a company history, an extensive bibliography, index, and current market values. This book is a must for everyone with an appreciation for fine quality glassware.

About the Author Dean Six has been collecting, researching, and writing about West Virginia glass companies for many years. His previous book with Schiffer Publishing is *West Virginia Glass Between the Wars*.
