From Brand: SixthnSpring Books : Vogue/Butterick Step-by-Step Guide to Sewing Techniques: Revised Updated Edition (Vogue Knitting) before purchasing it in order to gage whether or not it would be worth my time, and all praised Vogue/Butterick Step-by-Step Guide to Sewing Techniques: Revised Updated Edition (Vogue Knitting):

14 of 14 people found the following review helpful. Good for the basicsBy Cynthia R.I consider myself intermediate seamstress...some of the stuff is good but this is a beginners book. In parts, it can lead you to a more difficult way of doing things than is needed...a bit outdated. Skip it if you are at the point where you don't really need the instructions of a pattern to put an item together. Very beginner oriented.20 of 21 people found the following review helpful. Expectations metBy DhraeyI use a lot of Vogue patterns and some Butterick so I like to buy the books that go with what I use to demystify some of the things unique to each line, hence why I purchased this book.Pros1) Alphabetical

arrangement of subjects
2) Photos/drawings are clear and concise
3) Explanations are easy to read and follow
Cons
1) Binding -- All craft-books should have bindings that stay open

Definitely an excellent reference book
By P. J. Martin
I have my own copy (previous one). Bought this for my daughter who started to sew and create her own patterns. She needed to know how to sew the designs she created. She has little sewing experience. In the few weeks she has had the book she has used it extensively. Sewing an invisible zip. Lining a woolen jacket (it looks professional) and other guidelines and tips that makes your garment look professional. I am proud of her sewing skills now. Definitely an excellent reference book. My book is much used.

A beloved sewer's bible, Vogue/Butterick Step-by-Step Guide to Sewing Techniques returns in a revised and updated edition, including dozens of new illustrations along with new material on the most up-to-date trends and techniques. Nearly 500 of the most fundamental and frequently used dressmaking procedures are explained in simple steps, complemented by easy-to-follow illustrations. The alphabetical sections range from Appliqu to Zippers, and each offers a wealth of sewing choices. Look under Pockets, for example, and you'll find Mock Flap, Mock Welt, Patch, Side Seam, Side Slant, and Welt pockets. Now more than ever, this essential reference belongs within easy reach of your sewing machine!

About the Author
The editors at Vogue and Butterick Patterns first created this indispensable reference in 1989, and it has been continuously in print ever since, becoming a bestselling classic. This new edition is sure to be more treasured than ever, for experienced dressmakers as well as those who are new to the art and craft of sewing garments.
