**From Brand: SixthSpring Books : Vogue Knitting on the Go! Crochet Basics** before purchasing it in order to gage whether or not it would be worth my time, and all praised Vogue Knitting on the Go! Crochet Basics:

0 of 0 people found the following review helpful. Excellent reference for the beginner (me)By Mickeys MomExcellent reference for the beginner (me), highly recommended by an experienced crocheter. The books small size makes it easy to bring in my bag for reference.19 of 19 people found the following review helpful. One of the best basic books that I have seenBy Elizabeth A. RootThis is an admirable book on the basics of crocheting. The pictures explaining the stitches are unusually clear and the explanations are well written. There are also sections on yarns, hooks, finishing and care, as well as very useful descriptions of various accessories that are available. One cavil - the author recommends using safety pins as stitch markers. I don't like regular metal safety pins as the thread often gets caught in the spring - at least make sure that you are using non-rusting pins! Better still, there are plastic safety pins that don't have a spring.There are patterns featuring different types of crochet: granny squares, flowers, circular.Probably not for the experienced crocheter, but excellent for the beginner, or those of us who need a refresher from time to time.0 of 0

This On-the-Go guide from Vogue's popular series will grab crocheters--hooks, yarn, and stitches. It's a thorough guide to almost every basic technique, plus 11 fabulous and fun projects to practice them on, from cute booties to a pretty "Pop Princess" dress with an eyelet bodice. The course methodically proceeds one skill at a time, from making a foundation chain to weaving in ends, from working in a spiral to joining yarn, so newcomers can confidently master the craft. A striped Kureyon Scarf is simply colorful, and perfect for practicing making even stitches. The sweet pastel baby blanket features nice big granny squares and dainty picot edging. Other attractive items include a cozy cap and poncho. Crochet fans will take this book everywhere.
