**Cathy Geier : Watercolor Landscape Quilts: Quick No-Fuss Fold Sew Technique** before purchasing it in order to gage whether or not it would be worth my time, and all praised Watercolor Landscape Quilts: Quick No-Fuss Fold Sew Technique:

9 of 9 people found the following review helpful. Great addition to my quilting libraryBy ShellThis book is just delightful. Not only does it have many wonderful and beautiful projects it also progressively helps you develop the no fuss and fold technique using scalene triangles and curve shapes. The author starts you at a level 1 and you work your way to level 3. The instructions are very percise and the photo's are very helpful. Another great thing is that the patterns leave you with a lot of room to be creative. I also like that the author helps you understand how you can take your own photo's and make a grid pattern.I love this book. I am now on level 1 and finding the process to be going smoothly and look forward to making lots of watercolor landscape quilts. Thank you to the author for sharing this wonderful technique.0 of 0 people found the following review helpful. Gorgeous bookBy Bonita JameWonderful

book. Clear, concise instructions and lots of inspiration! 1 of 1 people found the following review helpful. Landscape Wall Hanging By New Hampshire Granny I had to take the book to a quilt teacher to explain a few things to me, but am halfway through my first attempt at a wallhanging at this point. The patterns are nicely done.
