Louis Bou : We Are Paper Toys: Print-Cut-Fold-Glue-Fun before purchasing it in order to gage whether or not it would be worth my time, and all praised We Are Paper Toys: Print-Cut-Fold-Glue-Fun:

7 of 7 people found the following review helpful. Fun but not completeBy Franciscoits a good book though I thought all the blueprints were in the cd, but there are only a few.1 of 1 people found the following review helpful. Three StarsBy Arizelle ParkerIt's an ideal hobby for any body who loves the art of paper folding0 of 0 people found the following review helpful. Great FunBy JamieThis is great for kids to make and share. The other books have offered one copy, which if you make a mistake then you have the lost whole project. Having access to print has been great and toys can be remade over and shared.

An amazing collection of paper toy designs and design techniques from innovative contemporary artists and designers around the world, We Are Paper Toys includes sketches of the toys, and step-by-step instructions on how to create the toys and make them your own. Additionally, We Are Paper Toys is packaged with a DVD featuring the templates for

the toys in the book. These templates can be printed on your choice of paper and folded and glued to make the paper toys from the book.

From the Back Cover We Are Paper Toys! presents thirty-two of the finest paper toy designers in the world. Each artist gives us a glimpse of their world and explains their passion for paper toys through a personal interview. The book includes a CD with PDF templates of some of the paper toys showcased in this book. They are ready to be printed, cut, and pasted so you can have these small works of art in your own home. It's never too soon to start cutting, folding, pasting, and above all, having fun! About the Author Louis Bou is an expert in the fields of art, graphic design, photography, and fashion, and is the author of more than forty books on these subjects. He has photographed models, artists, and actors, filmed and directed a music video for the Spanish band Alive, and is currently the photographer and art director for a feature film that will become a web series. In 2012, Louis opened his design studio, Mista Studio in Madrid, Spain.
